

Writing Tips: *CREATING A COMIC*

storystudio.ca

Creating a comic strip can be a fun and rewarding way to share a story. You don't have to know every little detail of the story you are trying to tell, but you should have an idea of where it's going, and how many panels you'll need to reach your characters goal. The illustrations will tell most of your story, with an added speech bubble or two in each panel. Use the panels provided, or create your own storyboard to tell your story.
